Our panel of professionals will highlight important changes impacting the automotive industry in Canada's ever-evolving regulatory landscape. This cross-country review will explore:

- updates to cross-border sales legislation and their intersection with trade agreements such as the Canada-United States-Mexico Agreement (CUSMA) and the Comprehensive and Progressive Agreement for Trans-Pacific Partnership (CPTPP);
- advertising obligations arising from drip pricing provisions under the Competition Act; and
- understanding Transport Canada's latest enforcement tool: administrative monetary penalties.

This program provides both key updates on current legislation and significant insights on what's to come.

CPD: This program qualifies for up to 75 minutes of Substantive CPD in Ontario, 75 minutes of CPD in BC and 75 minutes of CLE in Quebec.
