

TRENDS AND DEVELOPMENTS IN CRYPTOCURRENCY: WHAT THE EXPERTS ARE SEEING IN THE TRACING, SEIZING AND SAFEGUARDING OF DIGITAL ASSETS, AND WHY SO MUCH VALUE IS BEING LOST

Posted on April 5, 2023

Categories: [Insights](#), [Events](#), [Webinars](#)

Together with [Lowenstein Sandler](#), join McMillan on **Tuesday, April 25** for a series of engaging panels with industry leaders who will share valuable insights into the newest crypto trends and developments, with a particular emphasis on the below areas of risk.

A networking reception for interested professionals in the space will follow the panel discussions for in-person attendees.

For legal practitioners, this program qualifies for up to 2 hours and 15 minutes Substantive CPD Hours Ontario, 2 hours and 15 minutes CPD in BC, and 2 hours and 15 minutes CLE in Quebec.

Agenda and Speakers

(Participants are welcome to join all discussions or only attend the ones they wish.)

2:00 pm - 2:30
pm

Registration (in-person)

Cryptocurrency, Digital Asset Tracing, and Global Enforcement Trends:

Code is Law Meets Courtroom Law

2:30 pm - 3:15 pm

Join an expert panel discussion on new crypto developments impacting U.S., Canadian and the global markets, and specific trends industry experts, law enforcement and legal experts are seeing in digital asset-tracing and how judicial enforcement tools are evolving to help track, freeze and seize the proceeds of crypto attacks. **Panelists:** [Benjamin Bathgate](#), McMillan LLP, Canada; [Kathleen McGee](#), Lowenstein Sandler, US; and [Dhawal Shah](#), Bison Fund, Canada

Bankruptcy, Insolvency, and Crypto: What You Need to Know When Digital Platforms Go Bust
