As we approach the end of the year, join McMillan's Commercial Real Estate Group on **Tuesday, November 30th** for an overview and round-up of key developments in leasing law in 2021. Our national leasing team will cover topics affecting leasing professionals across Canada, including questions such as:

- How does the *Land Owner Transparency Act* affect leases in British Columbia?
- How are rental rate renewal clauses being interpreted in Alberta?
- Are landlords responsible for correcting their tenant's mistaken beliefs about lease dates in Ontario?
- How is the landlord's obligation to provide the peaceable enjoyment of the leased premises being interpreted in Québec?

This program qualifies for up to 1 hour Substantive CPD (ON), 1 hour CPD (BC), and 1 hour CLE (QC).
