Comprising over 50 lawyers across Canada, McMillan's National [Construction & Infrastructure group](#) is made up of two highly integrated and coordinated inter-disciplinary industry practice groups, Construction & Infrastructure and Project Finance and P3. Together, the group offers project advisory services to guide clients at all phases of the project lifecycle. Our lawyers practise seamlessly across offices employing the right

capability and teams throughout the country to deliver superior client service. The group takes a problem-solving approach that integrates both barrister and solicitor-side thinking to yield more creative, comprehensive, and practical solutions to client challenges — whether on transactions, through dispute resolution processes, or otherwise managing risk. The group enjoys a long-standing reputation for their skills and expertise particularly where the policy of projects meets procurement practices.

The *2023 Lexpert Special Edition on Infrastructure* will be published as a digital only edition and distributed via *The Globe and Mail*, Key Media's own industry channels as well as emailed directly to the attendees of the Canadian Counsel of Public-Private Partnership's Annual Conference. This industry-focused publication covers the infrastructure sector and related industries, such as construction, commercial real estate, energy, property development and transportation (rail & road). Lawyers are selected based on their reputation as leaders in the sector as well as high rankings in the Canadian Legal Lexpert Directory.
