

MCMILLAN LAWYERS RECOGNIZED IN LEXPERT'S 2022 SPECIAL EDITION ON CANADA'S LEADING TECHNOLOGY & HEALTH SCIENCES LAWYERS

Posted on June 16, 2022

Category: [News](#)

McMillan is pleased to announce that three of the firm's lawyers are recognized for exceptional expertise in the 2022 Lexpert Special Edition on Canada's Leading Technology & Health Sciences Lawyers.

Lawyers are selected for inclusion based on their high rankings in the Canadian Legal Lexpert Directory and their industry experience. Congratulations to:

- Scott Maidment, Toronto
- Pablo Tseng, Vancouver
- Lyndsay Wasser, Toronto

The 2022 Special Edition on Technology & Health Sciences will be distributed with the June 16, 2022 edition of *The Globe and Mail* and to the readership of Canadian Lawyer Inhouse, Lexpert Legal Newswire and Canadian Newswire Inhouse. This novel double-topic publication will cover trends in the fast-growing technology, life sciences, health care and supporting industries. View the [full version of the guide here](#).

Technology Practice

McMillan's Technology team of lawyers are reputed for their strategic legal and business acumen, their extensive knowledge of laws and regulations that govern commercialization, and their ability to quickly build top tier teams to get to the end goal efficiently. [Our Technology team](#) helps companies of all sizes across sectors successfully navigate the myriad of legal complexities so they can effectively bring their technological innovations to market. Our clients include a full range of technology industry players, including emerging and established hardware and software companies, outsourcing firms, networking and other IT service providers who specialize in data management and security. McMillan also has lawyers who specialize in e-commerce, blockchain and fintech.

Healthcare Practice

McMillan's [Life Sciences Industry Group](#) serves public and private sector clients in the healthcare, biotechnology and pharmaceutical industries. We believe in our clients' missions and are committed to helping them deliver them. Our clients include various provincial government ministries and agencies, regional health authorities, hospitals, private health care providers, family health teams and health professionals. We also represent pharmaceutical (both human and veterinary), biotechnology and life sciences companies, health benefit providers and insurers on a variety of health industry issues.
